8. [] LIAISON Called Ben Marshall, Security Director, Senate Select Committee on Intelligence, and in his absence spoke with Frank Kelley, also of the staff, about obtaining a brief biographic profile of all staff members of the Select Committee staff. I told Kelley that senior officials often request such profiles before meeting with the staffers and it would be helpful if the Committee would supply biographic sketches on the entire staff rather than handling this on a case by case basis. Kelley said he would check with Marshall in the morning but saw no particular problem. 25X1

9. [] LIAISON Called Stan Taylor, Senator Jake Garn's (R., Utah) designee on the Senate Select Committee on Intelligence, to pass along Mr. Knoche's invitation to pick up Senator Garn at either his home or Dirksen Building on 21 October for the trip to the []. I also told Taylor that recreational facilities, such as swimming pool and tennis courts, were available if the Senator was interested. After meeting with the Senator, Taylor called me back to say the Senator would not be taking us up on the recreation offer and would meet Mr. Knoche at the Dirksen Building at 8:00. I subsequently related the same invitation to Rick Inderfurth, Senator Gary Hart's (D., Colo.) designee on the Select Committee, and the response was identical. 25X1

10. [] INTELLIGENCE BRIEFING Following up on the Director's note concerning his telephone conversation with Representative Jack Kemp (R., N. Y.), I called Randal Teague, Administrative Assistant to the Congressman, to arrange a briefing on Soviet grain storage. Teague said he would check the Congressman's calendar and get back to me when he had established a convenient time. 25X1

11. [] LEGISLATION Called Bernie Martin, ~~OMB~~, concerning our response to Senator Frank Moss's (D., Utah), Chairman of the Committee on Aeronautical and Space Sciences, request for our comments on his bill, S. 3759, and a report on the Landsat effort. Martin asked that we send our report through OMB for coordination.

6.  LIAISON Called Ron Kienlen, in the Office^{25X1}
of General Counsel at OMB, to let him know we were holding our package on
the draft Executive Order ("Suitability Requirements for Government^{25X1}
Employment") pending an opportunity to brief the DCI on this important
matter. In response, Mr. Kienlen indicated OMB was most anxious to receive
our material as soon as possible and that, in light of the many serious objections
that have surfaced thus far, OMB probably would be putting together a new
draft order for subsequent coordination by the various agencies and departments.
In response to my question, Mr. Kienlen further stated that OMB was not
inclined at this point to go back to the drawing board and allow the relevant
agencies and departments, including CIA and the IC Staff, to have input in
the drafting process.

7.  LIAISON Accompanied Rick Inderfurth^{25X1}
and Mike Madigan of the Senate Select Committee on Intelligence on a
three day orientation tour of ^{25X1}

13. [] LIAISON Accompanied [] STAT
O/S, to a session with Donovan Gay and Jacqueline Hess, Research Director and Deputy respectively for the House Select Committee on Assassinations, to eyeball the space in House Annex No. 2 set aside for the Committee. The session was generally uneventful, it being much too early to provide them specific recommendations on physical security. Both Gay and Hess said they recognized the vital importance of sound security practices and we learned that indeed the Committee will be hiring a full-time professional security officer.
